

Are Your Field Personnel OSHA Compliant?

Making Sense of OSHA Compliance

Trench Shoring Company is now offering our Confined Space Entry Training and Competent Person Training for Trenching and Excavating seminars at our **Bakersfield,** Fullerton and Las Vegas Training Facilities.**

The Competent Person Training Seminar covers the CAL-OSHA Title 8, Section 1540 through 1541.1 and Fed OSHA 1926 subpart P requirements pertaining to excavations, trenching and sloping techniques, protective systems and soils classification with an introduction to confined space entry safety. Our comprehensive training is an important part of keeping your company compliant with current OSHA regulations. The course is roughly 7-8 hours providing .8 CEU'S or 8 hours of Continuing Education Units. There is a 50 question test at the end of the course to show comprehension of the material covered.

The Confined Space Entry Training Seminar now includes the new upgraded California and Federal standards for Confined Spaces in Construction.

Cal OSHA Title 8, Chapter 4, Article 37, 1950-1962

Fed OSHA 29 cfr 1926 AA 1201-1213

It is intended to provide managers, foremen, competent persons, and workers with basic information regarding entry into confined spaces. It's purpose is intended to create an awareness of the hazards associated with confined space entry, to help workers understand the procedures that must be followed when entering confined spaces, and to provide managers with basic information necessary to establish a confined space entry program.

Individual Training

We offer seminars conducted at our training facility in Fullerton. Class includes a comprehensive handbook, a certificate of completion, a wallet card continental breakfast and lunch. Classes are forming now with limited space available. Please call to make a reservation for the next available class.
